

# DOW COLUMBIA

To whom it may concern,

This letter is my personal recommendation for Thomason Moving Training (TMT). I've been in the Property restoration business for 12 years & until working with TMT, I've always struggled finding good help for our pack-outs. In working with TMT I have discovered how valuable a trained mover can be! Our average pack-out time has decreased by 15% & breakage has decreased more than 30%! Another benefit from working with TMT that has been noticed by our whole company is professionalism. We are very impressed with attitude, dress attire and all around manner in front of our customers. I would recommend to anyone needing assistance with packing & or moving be it personal or professional, to hire TMT!

Sincerely,

Tony Morris  
Operations Manager  
DOW COLUMBIA
